Completed building project

Our newest building project is finished, and working well. The former Performing Arts Centre has been redeveloped into 2 class rooms integrating the latest technology of a data projector and computer for each student, and flexible cluster desks for group work. These rooms are used by all year levels in a range of subjects. A new Music Suite has also been completed, with an acoustically designed band rehearsal room with a tiered seating; 5 sound proofed individual practice rooms, staff preparation and storage spaces. This building project was partly financed by the Federal Government under the National School Pride and the National Secondary Schools Computer Fund.

Navigator Programme

The Cosmic Cluster is an association catering for Gifted and Talented students at our 3 feeder Lutheran Primary Schools and Endeavour College. For their first visit, they went to Parafield Airport—to see a 747 simulator, the control tower and the Classic Jet Fighter Museum.

Open Day

Sunday, 21 March, 1.30pm to 4.00pm

Come and see Endeavour College – a secondary school committed to 21st century quality education in a caring Christian environment:

- Addresses by the Principal
- Tours conducted by staff and students
- Music performances
- Demonstrations and subject displays
- View the new Music Suite
- Learn about our extensive co-curricular opportunities
- Easily accessible via bus routes.

Enrolling now for 2012
