

Endeavour College Strategic plan 2016 - 2020

The successful transition of Year 7 at Endeavour College in 2016 is the result of four years of planning and preparation that followed the decision made by each of the Connected Schools in July 2012. Endeavour college now desires to build upon the success of this initiative and look ahead to plan this next period of its development.

This document reflects the outcomes of a Strategic Planning process which identified five strategic priorities, supporting key initiatives and implementation plans for the period 2016 to 2020. Thank you to the Management Team, staff, parents and all other stakeholders that have contributed to this process.

David Nelson

Endeavour College Chairperson

Proverbs 16 v 3: 'Commit to the Lord whatever you do and he will establish your plans.'

A Christian Environment for each student and staff member to develop their God-given abilities for LIFE and community

Strategic Priorities 2016 - 2020

- 1. Spiritual growth and faith formation
- 2. Environments and learning that equip students for their future
- 3. Technology and communication that enhances learning outcomes
- 4. Rich community partnerships
- 5. Sustainable Futures

Spiritual growth and faith formation

Continue to build our Christian Living program, ensuring it is relevant and responsive to the diverse needs of the students

Continue to develop a core group of Christian Living teachers Investigate and consolidate programs that transition from primary to secondary school

Embed the principles of Service Learning within programs to encourage students to be active contributors to broader communities

Appoint a Service Learning Leader to implement Service Learning in the College

Investigate future service activities and tours

Continue to grow the school spiritually

Embed Growing Deep - Leadership and formation framework Review chapel, worship and devotional life of the school

Environments and learning that equip students for their future

Develop a culture of best practice built on the College's Vision for Learning

Continue professional learning for staff that promotes the development of contemporary best practice

Provide opportunities for student voice and direction in relation to their learning

Consider structures that support an interdisciplinary approach

Provide classroom environments to facilitate engagement with learners as global citizens/thinkers

Establish global connections and relationships

Assessment and Reporting is aligned to the *Vision for Learning* and Australian Curriculum

Embed the *Vision for Learning* principles in programs, tasks and reports to parents

Comply with Australian Curriculum requirements

An educational program 7-12 that is responsive to student needs and pathways

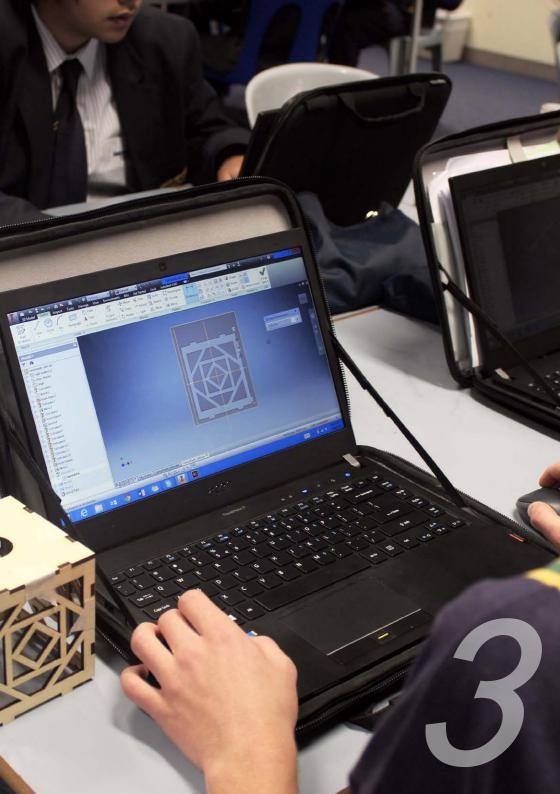

Conduct a review against the aims and objectives of the Middle Years program Investigate on-going development of Senior Years program

Provide a safe and supportive environment to foster positive learning, health and well being

Comply with the National Safe Schools Framework

Use the Endeavour Way to support students in line with AITSL standards

Technology and communication that enhances learning outcomes

Optimize Information Technology capacities to support learning

Ensure devices for learning meet the needs of the students

Maximise the implementation of the Learning Alignment System

Provide resources to support the development of global classrooms

Communicate meaningfully with parents/caregivers

Use the School Management System as a communication tool Review current communication practices

Utilise data collection processes to inform future decision making to improve student educational outcomes

Utilise College Management Systems to monitor and track:

- Student academics and wellbeing
- Marketing
- Parent Engagement
- Staff professional learning and wellbeing

Rich community partnerships

Cultivate dialogue with parents/caregivers to enhance student learning

Engage parents/caregivers to develop their understanding of learning environments and expectations of 21st century learners and how they can support their students Review use of current communication strategies with parents/caregivers

Grow partnerships that are mutually beneficial to enhance learning opportunities

Further connections with local business and UniSA for curriculum based activities, service learning and alternative learning programs

Contribute as a partner to the local Vocational Education and Training network

Develop partnerships with indigenous groups to encourage and enhance school and student cultural and social outcomes

Embed the K-12 philosophy of Connected Schools

Continue to work with Connected Schools to improve student outcomes through:

- Cooperative student programs
- Staff connections
- Marketing Strategies
- Opportunities to share resources and information

Endorse and actively encourage the Connected Schools partnership

Sustainable Futures

Ensure facility upgrades and building maintenance that optimizes student learning and accommodates future learning priorities

Develop learning spaces for the future Maximise the use of facilities

Decide optimum College size and associated practice to ensure a viable future

Audit current financial model

Audit enrolment and promotional processes

Risks are managed through sound mitigation strategy

Establish a framework for managing risk to the College

Ensure effective leadership and governance

Promote a professional learning culture that is reflective, consultative and collaborative Appraise College Council and provide relevant training and networking opportunities Review the governance model for the College with consideration of the Lutheran Education Australia (LEA) governance review and the Endeavour College Association's connection with local Lutheran Church of Australia (LCA) congregations
