

Endeavour College Complaints Handling Policy

At Endeavour College, we believe that positive, clear and effective communication between the College and community members is central to providing a mutually supportive environment that will enable our students to meet their full potential.

The College recognises that from time to time there might be instances where individuals or organisations may disagree with the way the College has handled matters and may wish to lodge a complaint. Such individuals may include parents, students, suppliers, local residents, and other external bodies with whom the College has dealings.

The College acknowledges that complaints present an opportunity to improve, and is fully committed to resolving complaints in an efficient, fair and timely manner. The College recognises that its complaints handling procedures must be fair to the complainant as well as the person about whom the complaint is made. Accordingly, the College will:

- document all formal discussion and processes involving a complaint
- acknowledge receipt of the complaint within two working days
- treat all parties with sensitivity, respect and courtesy
- investigate matters impartially and fairly
- provide all parties with a response within 14 days, or provide interim information if a response is not yet available
- provide clear reasons as to why any actions have been taken or are proposed to be taken
- keep matters confidential
- monitor the effectiveness of outcomes
- provide a right of appeal to the Principal and Chair of the School Council if the College's response to the complaint is not satisfactory.

Making a complaint

We ask that, where appropriate, you first raise the matter directly with the relevant staff member. If that is not appropriate, or the issue was not addressed to your satisfaction, please contact Peter Pearce, Deputy Principal on 08 8368 3311, or at peter.pearce@endeavour.sa.edu.au.

Complaints relating to Child Protection Incidents

There may, at times, be concerns or complaints relating to the College's Child Protection Program, for example regarding the College's management of a child protection incident.

When a child protection-related complaint is made, the College will first consider whether the complaint raises any concerns about unreported abuse and/or risk of abuse at the College.

If concerns of this nature are raised by the complainant, the College's Procedures for Responding to and Reporting Child Protection Incidents should be followed.

Child protection complaints that do not raise concerns of unreported abuse, or a risk of abuse at the College will be managed in the same manner as other complaints received by the College. The complaints will be recorded to ensure that any further developments relating to the same incident or issue are monitored.

[Note that neither the Minister for Education and Child Development nor the Department for Education and Child Development has any power to directly intervene in any complaints relating to the operations of the College.]
