

COVID-19 readiness - Video for students

SACE Board & SATAC answer students' COVID-19 questions

We know the COVID-19 coronavirus is causing a great deal of uncertainty for SACE students.

Will students complete their SACE in 2020? Will the ATAR still go ahead? What about exams? Do Special Provisions apply with COVID-19? What about university entry?

We put these questions and others collected from students in South Australia and the Northern Territory to SACE Board Chief Executive Professor Martin Westwell, and SATAC Chief Executive Officer Stuart Mossman.

Using the same format as the ABC's You Can't Ask That, watch the **You Can Ask That video** to hear Martin and Stuart answer students' concerns about the impact of COVID-19 on SACE and SATAC processes.

Visit the [SACE website](#) to stay up-to-date on how the SACE Board is supporting students, schools and teachers during the COVID-19 pandemic.

Thank you.

Kind regards

Professor Martin Westwell
